Debtors / Creditors

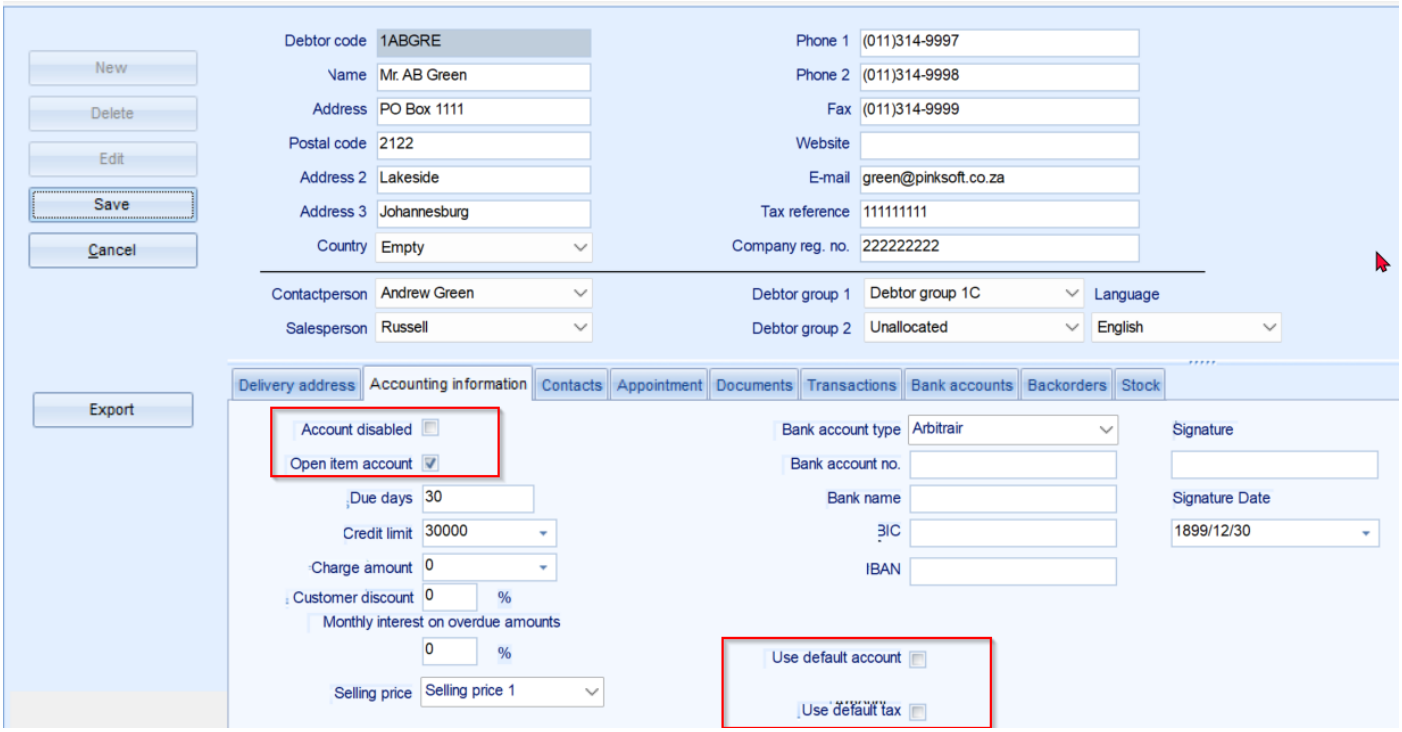

Debtors - Accounting information tab / Creditors - Accounting information tab

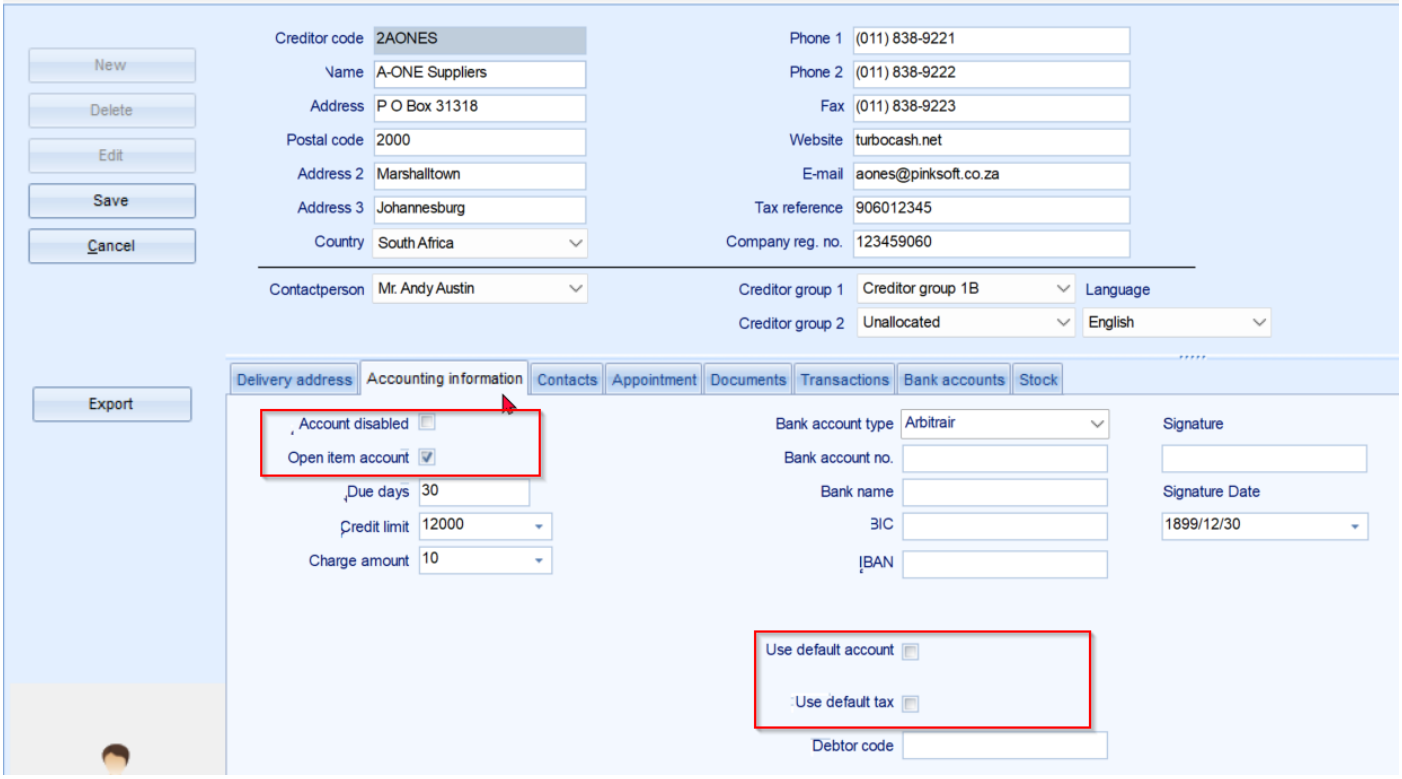

Account disabled

Open item account

Use default tax account

Use default tax

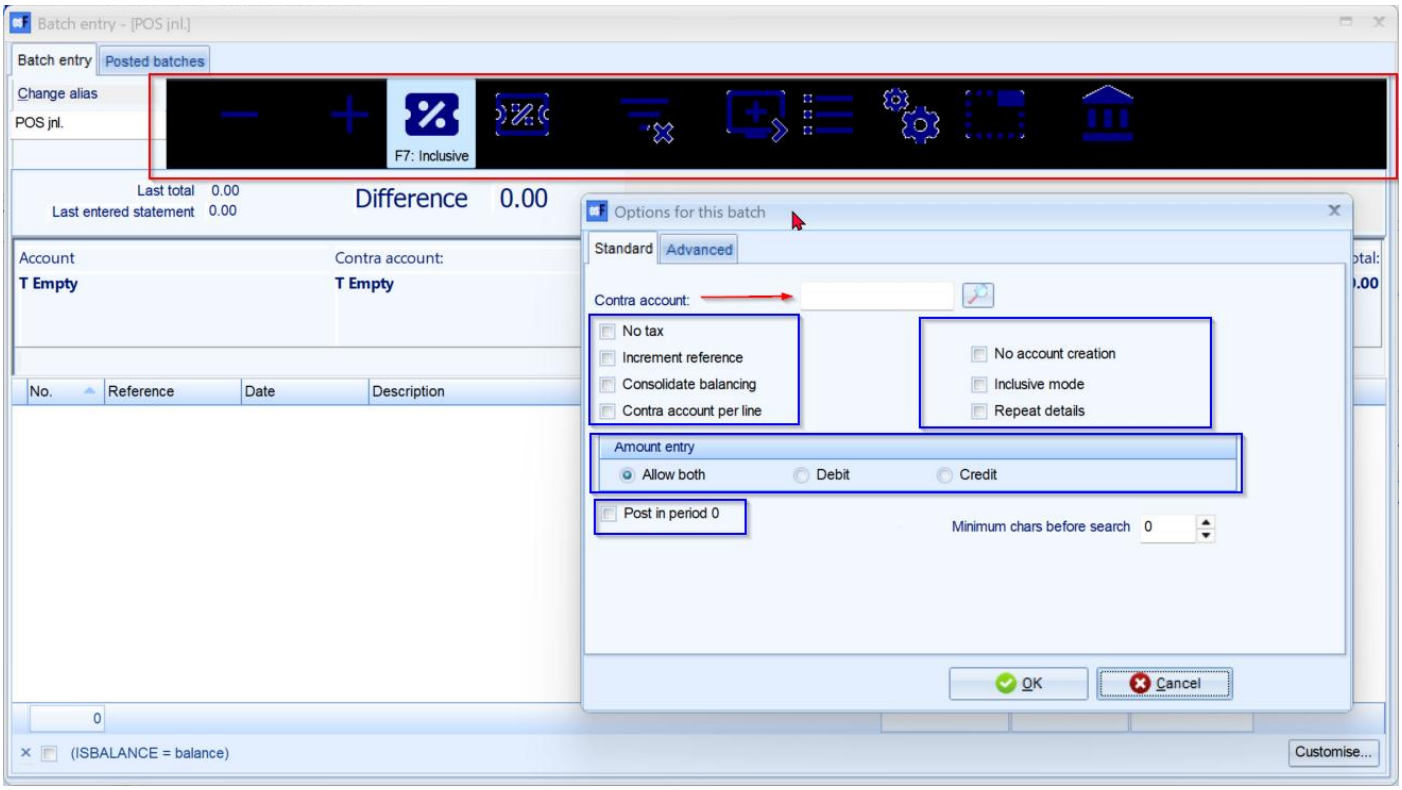

Plugins - UI-Checkbox Alignment

Bank import plugin

Icons on Black background icons

Batch setup - Standard - 'Contra account' label may be aligned to before the lookup box so it can end anchor there and stretch to the left

Plugin - External system links -> Export for websites ERROR

'List index out of bounds (0). TList<System.Classes.TCollectionItem> is empty'

Plugin - Pont-of-Sale -> RetailPOS Application Error

Application Error

Exception EUniError in module unidac290.bpl at 0000D894.

unsuccessful metadata update

key size exceeds implementation restriction for index "IDX_POSTALCODE_STRUNI".

Plugin - Tools -> Webimport/Export ERROR

ERROR

'Import export folder not found!

C:\osfinancials5\importdefs\FXMLEXPORT'

Created a folder in the root of the osFinancials5 installation folder and still replicate this Error

Created folder 'C:\osfinancials5\importdefs\FMXMLEXPORT' then it could launch.

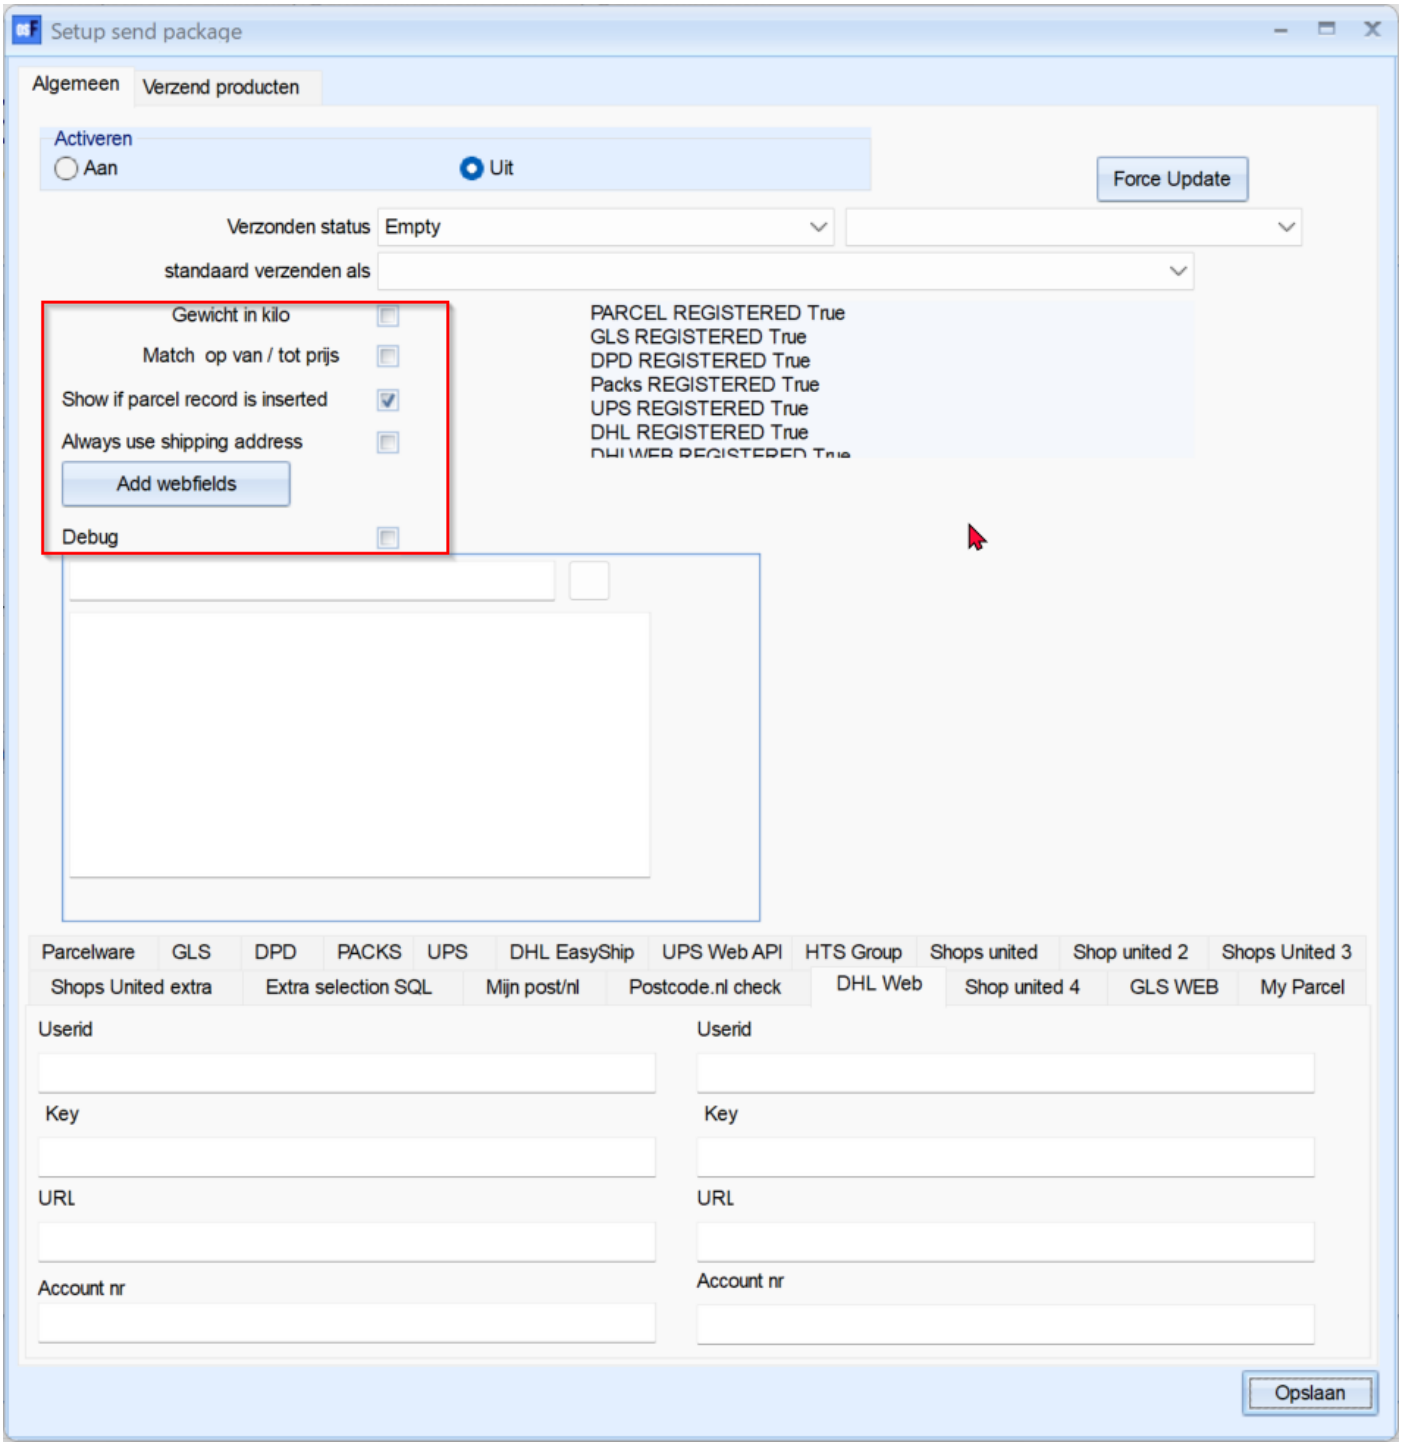

Plugin - Tools -> HandyTools (Advance users only) - Transact date error tab

'qDocBatch: Type mismatch for field 'SDESCRIPTION', expecting: String actual: WideString'

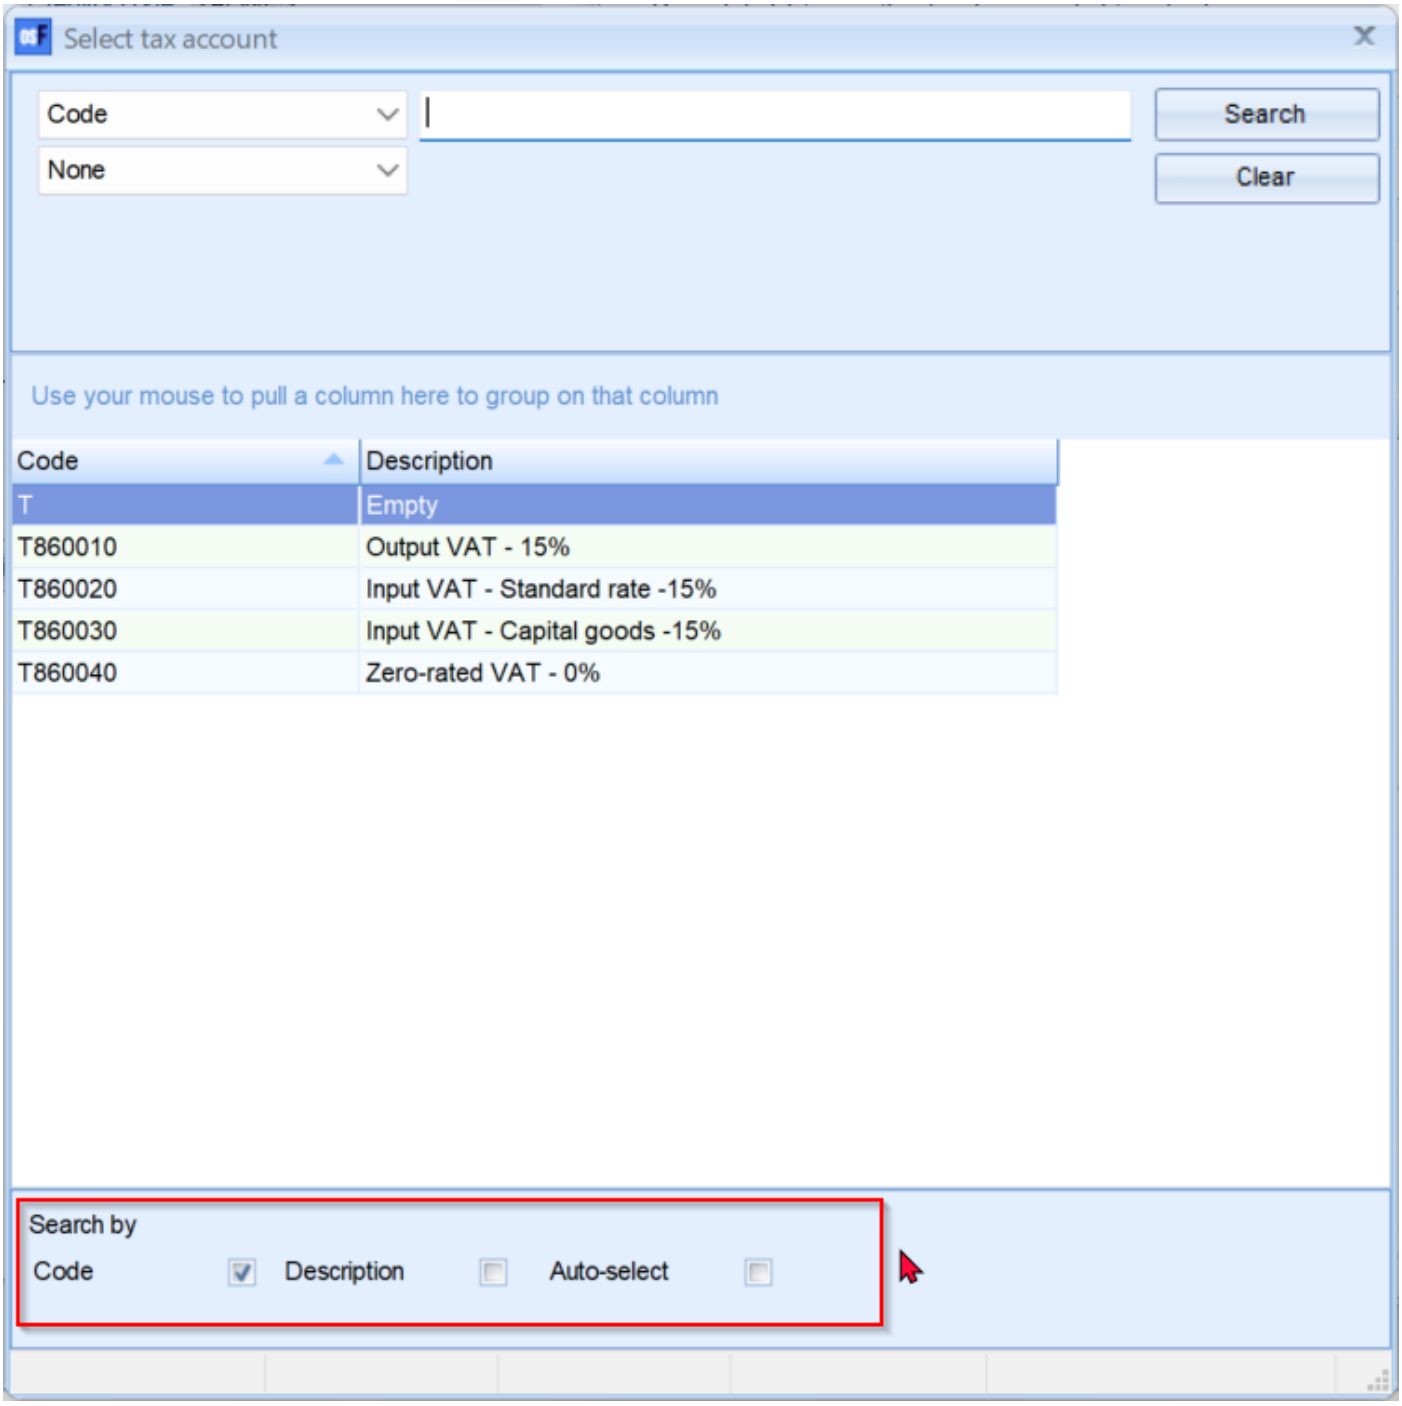

NOTE MADE the osFinancials5.1.0.286 crash

Had to use Task manager to End Task

Plugin - External system links -> Send package (Setup)

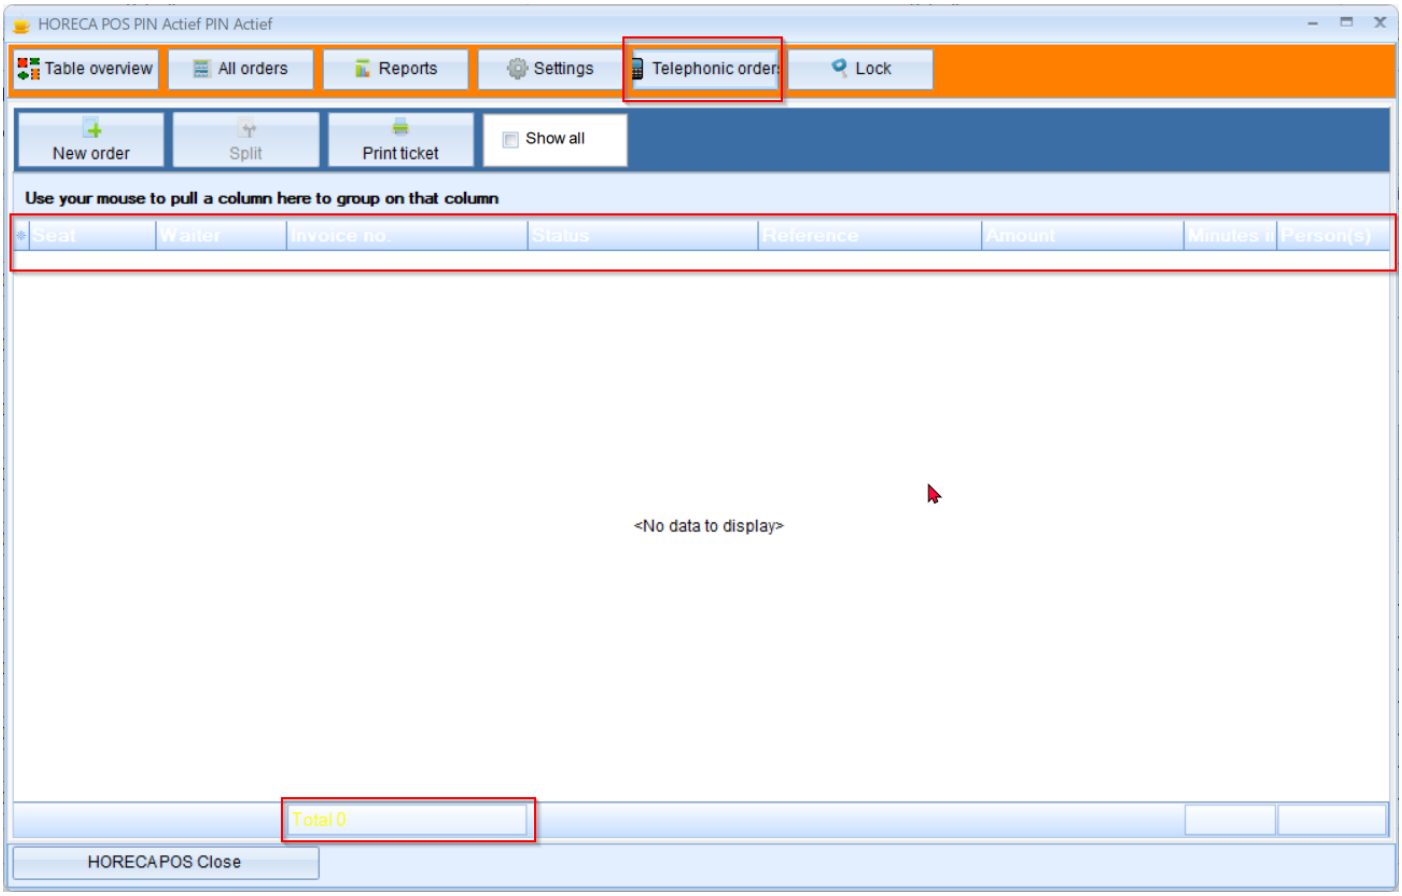

Plugin - Financial tools -> Belgische BTW aangifte) - Tax account lookup

Plugins - Pont-of-Sale - HORECAPOS

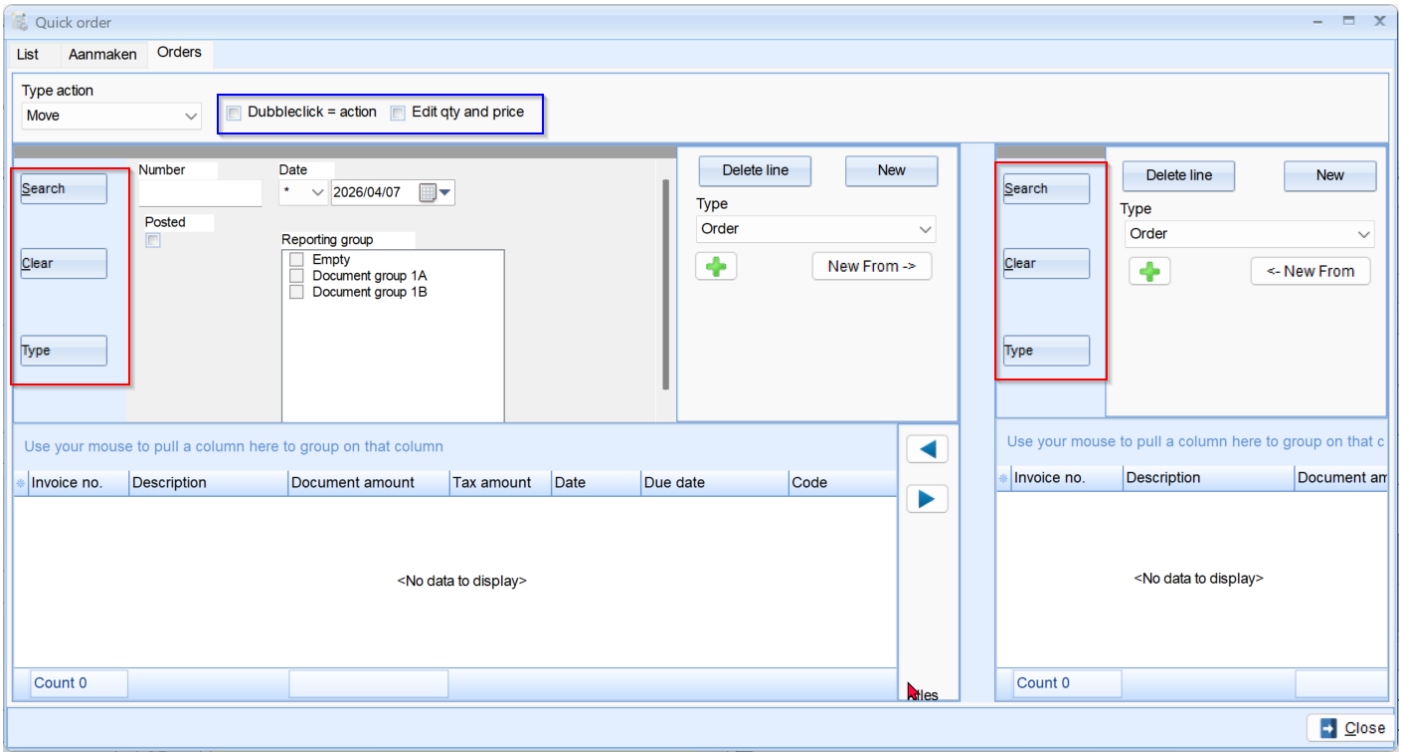

Font colors on grid is loo light - difficult to read

Telephonic order button (UI constraint)

Plugins - Stock plugins -> Quick order

Centre alignment of buttons (Search , Clear , Type)

UI Design – UI Modernization
